The Afterglow (Speakeasy), by Jimson Whiskeyman and Mr. Sunshine

As the fires of the night start to die down, join us at our black light speakeasy, where darkness and vibrant luminescence intertwine. Indulge in UV-reactive drinks, take in the ethereal artwork, and be captivated by our dazzling performers. Come and celebrate the radiant brilliance that can only be seen in the dead of night, and revel in the Afterglow.

Alice's Fun Haunt, by Ajay "Monstah"

Come fall down the rabbit hole into the creepier side of Wonderland. Careful, you may even walk out with a new friend at the end. Warning - there will be blacklights and maybe some strobe lights. Please do not enter if intoxicated and sensitive. Accessibility is not promised, since it is maze-like, but we will do our best to assist as needed so it can be enjoyed! If you don't want to go through the haunt and just want to adopt a pet, you can do so by going through the exit.

AniWHALia, by TodO and the Gingers

Sinking into the POrtal, a bunny did slip. Into a magical sea world, delighted by its mystery, this bunny discovered deep and personal transformation. Swimming through the unknown and embracing the waves, he resurfaced. Forever changed, into a great...big...wet...and very thirsty WHALE.

BETWEEN TWO WORLDS, by Ryan the Runner, Mapachita, and Naked Yoga

Join in for an immersive experience between two worlds - a celebration of ancestors and loved ones in death. In a small space in the Burrow, see UV art including ❤️ Skip and Mapachita moon bathing together in the altar 🌙. Listen to music, have a piece of candy, and honor your ancestors by burning (a small amount PLEASE 🙏) incense, and writing a note to a loved one (that will be brought to the temple burn 🔥 on Sunday). Bring items to place around the altar (traditionally things loved - food, flowers, cigars, etc.) Please pick your items up before you depart - leave no trace).

Join us Friday in the Burrow, 9pm to 10pm, for yoga and spirit-led prayers to ancestors! 🙏 Drum circles, priestesses, and those spiritually called to lead prayers and songs, please make yourself at home or connect to make a time on the schedule that does not conflict with other events in the Burrow!

Big Weird Flower Thing, by Eli Bronstein

Look into the heart of a big flower, and try not to lose it over what you find. If you like, bring a friend with you to help you operate this little pocket universe. Come back at night for a whole new - and surprisingly weird - experience.

Bongo, by Quentin Davis

Quentin makes yet another sculpture by nailing sticks together.

Chill Pills, by Hiplomat and No

Chill Pills is a radical gifting game in a prescription pill bottle. and a small effort to counteract stigma surrounding mental health. DO NOT EAT THIS GAME. Participants, dubbed "Enablers", are prescribed a unique set of beads which they can gift around playa to enable moments. Every bead a moment!

Chill The Fuck Out, by Camp Get Bent

Welcome to Chill The Fuck Out, a serene and tranquil hammock area nestled amidst the vibrant energy of the burn. This blissful oasis is designed to provide respite and relaxation for weary souls seeking a temporary escape from the bustling excitement.

Community Pixel Mural, by Jen Finkle

Stop by ClusterPhuck and add some square stickers to the Pixel Mural to discover where "down the rabbit hole" leads!

Dara, by Eli Bronstein

Three windows float in the air. If you choose, come around after dark, where you can make yourself heard and, maybe, receive a response. This piece is inspired by the Morrigan, the Celtic deity of prophecy and sovereign protection for the earth, who often appears as three separate entities. We're ignoring her status as the bringer of doom and destruction.

The Dinky Diner, by Heidi K

Stop by the Dinky Diner for a little bit to eat and some small talk. Gosh, we hope you're not hungry.

Down the Rabbit Hole, by Sheck

A slip and slide into the pond!

Fabric/Clothing Batik Stenciling, by Nitty Gritty

Bring your dark colored cotton (50% to 100 % cotton, modal, linen, or canvas works best!) clothing or fabric and use my stencils to art up your stuff. You can also do reverse tie dye...it's fun, easy, and beautiful!

Fire Circle, by Vix Baphumet

A fire circle is here for your entertainment and use! This is a self-autonomous fire circle. Fire artists: please bring your own supplies and a fire safety! If no one is spinning after you, please put out the tiki torches. There is a small tent, that's the dip and fuel drop area. Feel free to use at any time day or night!

The FLOWer, by Doug Shire, Laurence Clarkberg, Duncan Anderson, Karl Gesslein, Norm Scott (BEYOND Art Collective)

The FLOWer is an interactive LED flower installation that reacts to sounds made by participants in the vicinity of the piece, or nearby music, with an ever-changing and mesmerizing flow of light patterns.

Fuck Your Words, by Julie Skoda

Large scale version of that word game we all know. No instructions needed - take it as seriously (or not) as you'd like. Something to do while drinking and shit-talking your friends? Fuck your words. Need to step away for a quiet activity? Fuck your words. Want to start a tournament and claim vocabulary dominance? Fuck your words. Words are important...but also fuck 'em.

Garden of Dangerous Angels, by Jax Diehl

A trippy garden plot full of dangerous flowers and mushrooms. Dangerous to mind, body, and heart. Bright green plants with triangular saw tooth edged leaves and moonlight kissed white trumpet flowers.

Each flower has an eye or face in their center. They see you. Do you see them? Hear the quiet strain of music playing. The song flows up from the mushroom hands sprouting through the soil. Small grasping hands, the palms and fingers a bright red with white spots. The color warns you away while the music still plays only for you. Can you hear it? Are you even listening?

Glow Immersive, by Angelina Blasich

We store light inside for dark times when we need to call upon it and shine it out for others to find us, for us to find ourselves in the darkness even. Take a moment and paint yourself/each other into glowy art and then enter this art immersion space. Experience yourself as luminescent art in this portable POrtal Glow Gallery. Relax in cozy, glowy art space and experience yourself and each other as fine art, as luminescent, as gorgeous.

Institutional Chill Pills, by Timothy Ignaffo

The executive custodian for Institutional Chill Pills will assist your organization, corporation and/or camp with comprehensive support tailored to fulfill all of your context-specific Institutional Chill Pills needs and/or requirements.

#It's a Trap!, by Stilted Saint

When confronted with art, do you sometimes have difficulty interpreting what it actually represents? This art doesn't need a degree in art or an artist's statement. Through the art itself (and assisted by appropriate signage), you should be able to figure this one out!

Lily's Pad, by Diana Clarke

Lilly's Pad is a peaceful pad to float away and ponder your day. Access the mystical Portal Lilly's Pad provides to all creatures large and small. The frogs and turtles will have a right-away to Lilly's Pad.

The Mage Tower, by Witchcraft Cadets

Slightly more than just an eerie glowing tower.

Merkaba Lantern Soulblossom

A wooden merkaba made from deadfall and yarn, it can hold your hopes, dreams, wishes, and other sentiments, all while glowing from within. Celebrate the transformative power of the merkaba as we burn it while hanging from a tripod, made from wood sourced from the land.

MOOP Box Supreme, by Animal Planet

Rumor 'round these parts says there's gold hearts a-hidin' in them hills yonder. Only them pure-hearted folks what got the true spirit of a de-mooper in 'em can lay hands on that shiny prize. Keep yer peepers peeled for moop! Leave no trace. ~<3

Mushroom, by Mun

Two 10' high mushrooms that light up!

Noisy Bullshit in the Woods, by Authentic Simplicity

12 noon (HMT) tootn' for yah clockless hippies, and probably a blast before we light fires, maybe another one for fun, some days are hornier than others, who knows! I am not drunk yet!

NOTE: Eastern Standard Time (EST) does not convert directly to Hippie Maybe Time (HMT) but we do our best to be right on our time.

Phile It!, by Nitty Gritty

ANONYMOUS FILING CABINET CATEGORIES

- 1: Leave Your Baggage at the Door
- 2: Your Biggest Dream
- 3: Wishes for Others (leave or take a wish!)

POrtal Bunny a-Go-Go, by Stilted Saint

POrtal Bunny a-Go-Go will be on the go throughout the site, visiting camps and events and adding some bunny bizarreness to your journey Down the Rabbit Hole!

POrtal Rabbit Hole Handprint Tapestry, by Nitty Gritty

Come and add your handprint to our POrtal Participant Batik Tapestry! Located at Camp Anam Cara, next to Daisy Camp in the neighborhood of Eventually.

Prancing Pony Puman Pamster Wheel, by Soggy Loaf, Dirty, Lady Loaf, Mandi, CoryBoi, Megan

Rat race getting you down in the default world? Feel like you're getting nowhere, fast? Join your local hole-in-the-wall dive bar in shaking that all-consuming ennui with our very own Prancing Pony Puman Pamster Wheel, and get nowhere with us!

You might not be climbing the corporate ladder, but by walking in the human sized hamster wheel you could just get a smoothie* or adult beverage for the low low cost of your own huffing and puffing. Ah! Finally, the fruits (and spirits) of your own labor.

Sometimes you might only get a handful of silicone for your trouble, so it's best if this is an adult-only affair. The kids should be sheltered from their eventualities until they're older. Anyway, BYOB (bring your own bootstraps).**

*Feel free to bring your own smoothie makings by. Be aware there could be potential cross-contamination of possible allergens. We're a dive bar, not your mommy.

**Bootstraps optional, but there might be splinters.

Professor Willie's 1960s Liquid Light Show, by Professor Willie

Tune in, turn on, but don't drop out... Come here instead! The 1960s liquid light show is a live show, created while you watch! Projected psychedelic imagery, similar to the visuals used by 60s and 70s psychedelic bands such as Jefferson Airplane and Pink Floyd, will include imagery produced using liquid dyes and colored oils, augmented by slides, videos, and laser patterns. Tune in and turn on to the psychedelic imagery and music of the 60s and early 70s!

Professor Willie's Flaming Willie, by Professor Willie

Professor Willie's Flaming Willie is making its 9th appearance at POrtalBurn...three tubes with propane flames dancing in time with music! Meditate on the scintillating scene... Dance in front of flaming tubes pulsating in time with music... Go down the rabbit hole with fire and music! Oh yeah!!! Fire and music... What more could you want?

Queer Temple, by Cai Quirk

The Queer Temple is a sacred safe space to explore one's relationship to gender, sexuality, mono/polyamory, and other aspects of queerness.

EFFIGY: Rabbit Habit Tat, by Mun

Upside-down top hat with a spinning rabbit poking out of the top. Wind powered, with internal fan blades to spin faster and faster as it burns. Painted with natural burn-safe dyes. No climbing up, but in is okay!

Rabbit Womb, by Cosmic Cowgirl

So you followed the rabbit down the hole - but have you ever entered the Rabbit Womb? Enter our temple to cultivate creativity, compassion, intuition, and reflect on new beginnings. We will guide you to rabbit spirit to reveal possibility - and discover how rest within the womb will show you about your inner strength.

Secret Temple, by Genie

In an artistic attempt to educate participants of the burdens some hold deep within, Secret Temple encourages you to release something that has never been known, seen, or heard. Secret Temple allows the healthy and therapeutic release of whatever might be holding you back. Secrets fill the walls of the temple and reveal (anonymously) the toxic evils that consume us.

TEMPLE: Skull of the Jabberwock, by Mr. Sunshine, Steve "Fern", Mike "McGyver", Jimson Weed, Zoe, Acadia

Just as Alice read about the slaying of the Jabberwock during her trip down the rabbit hole, so too shall we send it off in flame to carry the things we no longer need away from us! Imposing and frightful, the Skull of the Jabberwock will nonetheless burn in

riotous colored fire as we dance around it in culmination of our festivities. We, the eclectic adventurers bestowed with the mystical Vorpall Blaze, invite you to bring offerings to burn with the Jabberwock so it holds us no ill will - things you no longer need or want, things that will turn to smoke as we celebrate.

We will be tying sticks and ropes together into organically shaped portals of manifestation and release. Come build the portals and/or fill them with your wishes, prayers, hopes, fears, sorrows, or something else. The portals and everything inside will burn.

Ups and Down, by Tara "Kiralove" Murphy

Visual bipolar experience.

U-to-pi-a, by Queeropolys

A Cuddle Puddle re-imagined! A sexy space to explore while traveling down the rabbit hole.

The Willow, by Lynn "Little Wren" Knowlton

My friend told me this is a Healing Willow, not a Weeping Willow. A safe space to reflect and re-energize. Feel free to lay among the roots on the pool of reflection. Gaze through the branches towards the sky. Decorate the leaves with your thoughts and art to float about on the breeze. Listen to the light wooden tones, singing you to rest. Stop awhile and find your peace.

Willy, by BAR

Watch our Willy shoot! Fire into the sky, that is.

Logistics.....

Date & Location

Thursday, July 27th at 3pm through Monday, July 31st at 12pm (noon), at Hummingbird Hill in Almond, NY.

Gate Hours

New arrivals are permitted entry during Gate hours:

- Thursday: 3pm through 10pm
- Friday: 9am through midnight
- Saturday: 9am through 6pm
- Sunday: Gate is closed to new arrivals
- Monday: Gate is closed

Departure and re-entry are limited to emergencies.

Traffic is not allowed in or out of the event site during the Saturday and Sunday night burns; you may leave only after the burn is deemed 'safe' by our Fire Team.

Exodus

We love you, but it's time to go home! All participants must be completely packed and offsite by noon on Monday, no exceptions. This includes a final MOOP sweep of your campsite. Dump all ashes at the main burn pad and please return any unused firewood to the pile. Pay attention to road signs indicating the direction of travel for vehicles and drive slowly (5mph max) when on the property. Don't forget to check the Lost and Found located at Gate on your way out. We are not responsible for anything you leave behind.

Early Arrival

You may arrive before 3pm on Thursday only if you have prior approval. If you do not have prior approval, do not arrive before 3pm on Thursday. Early arrival will be permitted for authorized individuals critical to making the event happen. This includes, but is not limited to, BOD Members, Leads, Art Grant recipients, and Temple/Effigy Builders. Theme Camps may request early arrival if it's critical for their setup.

Tickets

Tickets must be purchased in advance. Do not show up without a valid ticket. A government-issued ID must match the gate list. You do not need to print your ticket. We will use digital check-in at the gate.

Minors

PORtalBurn is a family event that welcomes participants of all ages. However, we do have a "Red Light" district, and children under 18 are prohibited in this area. Please be aware that nudity is allowed.

Some art may be sexually explicit in nature. Children 12 and under do not require a ticket. Minors 13 to 17 require a ticket. Attendees under 18 will be provided an ORANGE minor's wristband. Attendees under 18 must be accompanied by an adult at all times. All parents and guardians are required to register each minor in their care at the Gate, and should write their name(S) on the wristbands of minors in their care. Failing to adequately supervise minors in your care is a quick ticket out of PORtalBurn. You may be immediately ejected without exception or recourse.

Adults

Adults 18 to 20 are permitted throughout the event, including the "Red Light" district. They will be issued a BLUE underage wristband, and are prohibited from drinking alcohol. Adults 21+ are permitted throughout the event, including the "Red Light" district, and will be issued a PINK 21+ wristband.

Pets

Pets are not allowed. Service Dogs as defined by the ADA are the only animals permitted. Emotional Support Animals and Therapy Animals are not Service Dogs, and are not permitted at PORtalBurn.

On-Site Parking

All RV, camper, and sleeping vehicle placement must be pre-approved. If you do not have pre-approved on-site parking, you must park your vehicle in one of the main event parking lots. Do not bring an on-site vehicle (camper, van, RV, etc.) without prior approval. Do not plan to sleep in your vehicle in the parking lot.

Unloading & Parking

Primary parking is on-site, near open camping. You may be allowed to drive into parts of the event site to unload, then move your car to a parking area. If you arrive after dark, please use flashlights or headlamps while walking back to the event site. When you arrive, Parking volunteers will guide you. Most open camping does not have vehicle access, so it will be 'walk in'

with a load/unload zone not far away. There are wagons available to help make it easier, but we encourage you to bring your own as well. Most placed Theme Camps will have vehicle access for loading and unloading. Parking volunteers will manage the number of vehicles permitted in the theme camp space at any given time. Once unloaded, theme camp vehicles must be moved out of the event space to the primary parking area, unless they have been granted permission by our Placement Lead to park onsite.

Camping

There are designated areas for theme camps, open camping, and 'quieter' space. (If you want real quiet, you should probably bring ear plugs.) See the site map for designated locations. Burners are typically "glampers". Set up whatever it is you like, but the bigger the structures, the more challenging it may be to find adequate space. We encourage you to light up your camp. Flashy lights, laser strobes...be as extra as you like! Illuminating pathways invites participation!

Volunteering

Every person that attends POrtalBurn is a participant. POrtalBurn is a volunteer driven event - there are zero paid staff. We as a community work together to make POrtalBurn happen. Once on-site, you can visit The Information Tent (TIT) to see the volunteer schedule and sign up for open shifts.

Water

Bring your own potable water for camp needs and personal consumption.

Ice

Ice is the only thing sold at POrtalBurn. It is available on-site starting Thursday afternoon, through most of the weekend. The freezer near the lodge will be stocked with bags. Recommended minimum donation is \$5 per bag. Any extra proceeds will benefit POrtalBurn Art Grants for 2024! There is NO RE-ENTRY, so please DO NOT LEAVE TO BUY ICE!

Showers

There will be a communal co-ed shower shelter (no walls) in a central area, using potable water provided by our hosts. In keeping with POrtalBurn tradition, it will be cold! You are welcome to set up your own shower system near your camp. Please be mindful of

runoff and how it may affect the environment (and others!). Soaps and shampoos MUST be environmentally friendly, biodegradable, and non-toxic. Do not leave your shower supplies behind as a 'gift'. That's just gross.

Pond Rules

The site has a pond. You may swim in it AT YOUR OWN RISK! Don't forget your floaties. ALL CHILDREN MUST BE WITH A SOBER ADULT. NO SWIMMING AFTER DARK. VIOLATORS WILL BE REMOVED.

Trash

This is a 100% LNT (Leave No Trace) event. You are responsible for every piece of trash you generate. It is our Civic Responsibility to ensure our event does not negatively impact the community around us. DO NOT dump your trash at local businesses. It jeopardizes the future of our event. Have a 'camp trash plan'. Discard product packaging prior to arrival. Bring trash bags and your own portable ashtray. Embrace reusable supplies. Burn your burnable. Avoid glass containers. Collect your recycling. Keep trash and food in your camp covered and closed to avoid attracting wildlife. LNT means 'pack it in, pack it out'.

Fire Safety

You can have a burn barrel or elevated fire pit. All fire pits, flame effects, fire circles, and propane/gas powered flames will be checked by our Fire Team. If there are any safety concerns, you must address them. Campfires must be at your campsite, raised off the ground, in a contained barrel or elevated fire pit, and monitored at all times. Do not leave fire unattended. Camps with fire must have a fire extinguisher (5 pounds, ABC type) or a filled 5-gallon water bucket readily available. DO NOT bring outside firewood. This region is highly sensitive to the Emerald Ash Borer (an invasive species that is tightly monitored). Wood from outside the immediate area is prohibited. As part of your ticket price, POrtalBurn provides locally obtained wood for burns, camp burn barrels, and fire pits. There will be a designated ash dump at the main burn pad. When you leave, dispose of any ashes from your burn barrel or fire pit responsibly. Do not discard any ashes or embers anyplace other than the designated ash dump.

Sound

Camps with amplified sound must have placement, and are expected to honor the following guidelines: Position speakers and adjust levels to contain sound is contained to your camp and doesn't bleed into other camps or open camping. Consult with your neighboring camps when positioning speakers to avoid conflict. If you are asked by a neighboring camp to lower your sound, we expect you to resolve the issue amicably. If you are not able to resolve it, find the BOD on Call for assistance. POrtalBurn sound is monitored by volunteers. If someone in an official capacity asks you to adjust your sound, you are expected to comply. Sound turndown is between 2am and 10am (74 decibels measured at 50' from the sound source). The BOD on Call has db meters available to help gauge an appropriate sound level. This is just a guideline. Even if you are within the db range, you may still be asked to turn down your sound if the situation warrants it. Sound can carry unpredictably, so on-site judgment calls may happen. The POrtalBurn Sound Policy may be updated as the event unfolds, or as deemed necessary. Sound camps will be informed if changes arise, and expected to comply. (Failure to do so may result in the camp losing sound privileges for the remainder of the event, and possibly future events. Don't be that person. We want your sound!)

Nudity

Nudity is allowed within the event space only. Nudity is not allowed at the Gate, entrance road, parking area, or any area visible to the general public.

Laws

All New York State laws, including those regarding drugs and alcohol, apply. Upstate New York POrtalBurn Arts, Inc. (UNYPA) does not condone ANY illegal activity. While we are creating a temporary community with its own rules, this community coexists within an area of real laws.

Pictures, Film, and Video

Participants understand they may be photographed at POrtalBurn, only after giving consent, and that consent must be obtained for all photography, film, or video at the event. Any person identifiable in the image or video must express consent to be photographed or filmed, and photographers must

destroy any image or video at the subject's request, even if prior consent had been granted. It is prohibited to take photos or videos of a camp or person if there is a 'No Photos' sign posted, or a 'No Photos' policy has been announced. Participants understand and accept that no use other than personal use of images, film, or video obtained at the event may be made without prior written permission from Upstate New York POrtalBurn Arts, Inc (UNYPA) and the written permission of any persons identifiable in the images, film or video.

Accessibility

We welcome all participants, but cannot assure accessibility to all areas of the venue. It is a large hilly field! There are no paved roads. The main theme camp field and RV space is pretty flat and accessible, weather permitting. There are some established paths through the woods, but most are fairly rugged, with inclines. Open camping will consist of walk-in camping in the wooded areas. We will have at least one wheelchair-accessible porta potty, and will do our very best to accommodate needs.

Rangers

Rangers are helpful, clear-headed participants and non-confrontational volunteer mediators. They are not cops and not your mom, just good people to find if you need help! You can spot them in their super swanky khaki clothing. Blue Light Poles and TIT (The Information Tent) can radio a Ranger if needed.

First Aid/MASH

First Aid is referred to as MASH. Participants are expected to be self-reliant. Bring any and all supplies you might need (medication, first aid supplies, sunscreen, etc.). There will be a limited supply of self-service first aid supplies at the MASH tent. In the event of a medical emergency, MASH volunteers will use their radios to facilitate medical assistance. The nearest hospital is St. James Hospital, 7329 Seneca Road North Hornell, NY 14843.

Waivers

You are responsible for your own health, safety, and well-being at all times before, during, and after the event. You will be asked to sign a waiver on arrival clarifying any liabilities.

Principles.....

Radical Inclusion

Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

Gifting

Burning Man is devoted to acts of gift giving. The value of a gift is unconditional. Gifting does not contemplate a return or an exchange for something of equal value.

Decommodification

In order to preserve the spirit of gifting, our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

Radical Self-Reliance

Burning Man encourages the individual to discover, exercise and rely on their inner resources.

Radical Self-Expression

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

Communal Effort

Our community values creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

Civic Responsibility

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state and federal laws.

Leaving No Trace

Our community respects the environment. We are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor, whenever possible, to leave such places in a better state than when we found them.

Participation

Our community is committed to a radically participatory ethic. We believe that transformative change, whether in the individual or in society, can occur only through the medium of deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

Immediacy

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute for this experience.
