# ART

## *Home is Where the Art Is*

**ARTIST: Hot Dog Effigy**

Home is a place where one feels good. Well and good. Well and good and safe. Home is a place where one finds family. Not your relatives. Not your kin. Not your blood. Home is a place where one finds family. Home is where you find your people. Witness the the full transformation of our effigy from welcoming space to a depiction of a modern dystopia. A micro-look at the macro-problem of houselessness and our societies seeming inability to solve the issue.

## *Ephemeral Ruby Heart*

**ARTIST: Yash 2.0 Temple**

Throughout our lives, we experience many chapters. What once felt like it would last forever can change in an instant. We get to share moments with friends and loved ones. In these moments of silence, we feel a collective energy, heartbeat, and breath, allowing ourselves to experience an indescribable bond. They are the moments we wish would last forever.

When we are alone, we can feel our own heartbeat. It resonates like a clock counting every moment. As we relive the past, often memories of joy bring pain, missed opportunity brings regret, and lost love brings sorrow. In an unconscious attempt to escape our suffering, we often run and hide from it, filling our bodies with drugs, alcohol, and sex; anything to feel good.

Today, I invite you into experience, to welcome now. Individually climb the steps and face the rear wall, clear your vision of all distractions. Straighten your back and breathe. Relax into this moment. Feel your body breathing and focus on it. Experience what the world offers. Try to stop running from just this. If you find your mind wandering, just come back to the breath, to what is. Go beyond the stories, of good and bad, of I am this or I am that, straight back to the source. The source of pain is the source of joy. They are not two.

This is the energy, the bond we feel. It is what gives us empathy and compassion, allows us to love and be loved, and what goes beyond the infinite realities in our minds. Please, just sit, breathe, and be here. It is okay not to be okay; be here with us and let our bond ease your pain. Then, let your happiness shine through to others.

## *A Good Sign*

**ARTIST: MegO Art Burn**

Can you feel it? The winds of change, the fierce urgency, the flowing cacophony of existentialism concerned with understanding people's position in the world, and the perception of what it means to be alive. It feels like a REVOLUTION of our time, both starting and fighting the fire that burns us together. Feel your breath, honor this moment, embrace the peace... because within this REVOLUTION, there is LOVE...though backwards and sometimes hard to find, it is always there. It is all that's there, that is what keeps us united. LOVE is what it means to be alive. - MegO, July 12, 2022

## *Chill Pills*

**ARTIST: Hiplomat & Daniel Estrada**

Chill Pills is the radical bead gifting game in a prescription pill bottle. DO NOT EAT THIS GAME. Enable moments by gifting Chill Pills to friends and willing strangers. Try all 12 unique Chill Pills of four types: anti-chaotics, pro-chaotics, vibe stabilizers, and social stimulants producing immediacy (SSPIs). Stop by Playa Pharmacy to find the combination of Chill Pills that is right for you. Our pharmacists will walk you through the effects, help manage side effects, and provide unlimited refills. Then gift your Chill Pills anywhere on playa! Every bead a moment. Chill Pills.

## *Dragon on Parade*

**ARTIST: Twister**

Good luck, health, and strength. These are what the Chinese dragon symbolize. Come be apart of a once in a lifetime event. Constructed completely out of balloons we will make a Chinese dragon that volunteers will get to parade around the grounds of Portal Burn.

## *Eieio Airlines 747 Press Conference*

**ARTIST: Postmaster (Cesar)**

We know there are an endless supply of questions and curiosities of when exactly the .747 will arrive at Hummingbird Hill so we will be keeping the public informed at a press conference with key members of the local and burn community.

# ART

## *Interactive Fabric Stencilling*

**ARTIST: Nitty Gritty**

Bring your lightly colored fabric (clothing, canvas bags, sheets for tapestry) or dark cotton blend cloth (to use bleach technique) and use the many stencils (mandala, hamsa, celtic symbols, and many more) and use the fabric paints provided to art up your stuff!

## *It's a Trap!*

**ARTIST: Michael Saint**

When confronted with art, do you sometimes have difficulty interpreting what it actually represents? This art doesn't need a degree in art or an artist's statement. Through the art itself (and assisted by appropriate signage), you should be able to figure this one out!

## *Lighted Tower of Paint*

**ARTIST: Foxy Cowboy**

**Art Burn**

This installation is an obelisk lit with LED strips that dance to the music it plays! Its faces are painted in the style of acrylic pour paintings and its base holds 4 easels for the wonderful PortalBurn Community to express themselves through painting!

## *Malkuthian Activation Portals*

**ARTIST: Laura Katz Rizzo**

Malkuth is a Hebrew word that can be understood as "Kingdom," and refers to the material world of the senses. The Malkuthian Activation Portals are made from bound sticks and ropes. Their design is drawn from each of the 5 universal elements of Air, Earth, Water, Fire and Ether, and they reflect and invoke these natural forces, both as art objects and/or focal points or meditation tools that focus energetic frequencies and activate different energy centers. Burners are invited to come and spend time with the portals.

## *OgaKorg: The eye basket*

**ARTIST: Quentin**

**Art Burn**

OgaKorg: the eye basket. If you had any loyalty you'd pop out one of your eyes and plop it in the basket. If you had any sense you'd forget that I ever said any of that nonsense.

## *Professor Willie's 1960s Liquid Light Show*

**ARTIST: Professor Willie**

Liquid light shows were an integral part of the '60s psychedelic music scene. As always, we aspire to be a living room to all, and everything we do is merely an excuse to lavish love on our community. Bring a plate/cup and come say hi!

And our Sexy DJ's will be playing throughout the event for your listening and dancing pleasure. If you don't agree we are the sexiest mofo's at POrtalBurn, you're just not drinking enough!

## ***ClusterPhuck***

The un-theme-iest theme camp. Home of playlists that are somehow simultaneously the most-random, most-requested, most-feared and most-reviled, as well as various endeavors that may or may not occur, such as the Playabrary (playa+library= BOOKS), Costume Rack+Repair, Willow's Rainbow Kitchen+Sanitation Station+Bliss Pit, Rev's Sunday Morning Revival Service, Sunrise Juggalo Yoga, Capture the Principles, and Procrastination & Cheese. Playa Pharmacy boasts inconvenient hours, questionable medical practices, and a nonexistent safety record. Playa Pharmacy is made possible through a controversial donation from Corporation Chaos™. In these trying times, Corporation Chaos™ appreciates your continued obedience and five-star Yelp reviews as we profit handsomely from this irresponsible bead art-game and choking hazard.

## ***Slacker Camp***

Slacker camp is a camp for the slacker in all of us. We have cuddle puddles. We have a photo booth. We have LEGO-like bricks to fuck around with. We have games to win...or lose. We have other stuff. You slack so we don't have to. Uhhhhhhh, yeah...I think that is how it works.

## ***Early Arrival***

You can arrive earlier than 3 pm on Thursday only if you have prior authorization.

## ***Tickets***

Tickets must be purchased in advance. A Government Issued ID it must match the gate list. There is no will-call. Do not show up without a ticket.

## ***Minors***

Children 12 and under do not require a ticket.

Minors 13 – 20 require a ticket and will be provided an underage wristband.

Participants 21 and over require ID and a ticket, and will be provided an adult wristband.

People under 18 years of age must be accompanied by a 21+ parent or guardian at entry, and during the event. You are responsible for the welfare of minors in your care. You should know where your minors are at all times, and be aware that some activities are adult specific. Please write your name on the wristbands of the minors in your care. Failing to adequately supervise minors in your care is your fastest ticket out of POrtalBurn, as you may be immediately ejected without exception or recourse.

Anyone serving alcohol is responsible for identifying minors at their event. If you are serving alcohol you must check wristbands of anyone you are serving to be sure that they are of legal age. Do not serve minors. Period.

## ***Pets***

No, pets are not allowed.

## ***Covid Protocol***

We will follow NYS guidelines. If the guidelines change, we will update our policy accordingly.

We encourage all participants to exercise good common sense when it comes to public health as we believe it is our Civic Responsibility. With all we are learning regarding Covid variants, getting vaccinated is good common sense, and we hope everyone who is able to will get vaccinated prior to arrival. If you are unable or unwilling to get vaccinated, we suggest you wear a mask while in close proximity to others for your own safety, and for the good of the community. If you are unvaccinated, it would also be prudent to ensure you test negative for Covid prior to coming.

When we gather, we must all respect that every person has a different level of comfort, and their own unique circumstances. As always consent is key. Please ask permission to be in others personal bubbles, and be aware if someone is wearing a mask and honor their boundaries.

## ***On-Site Parking***

### ***RVs, CAMPERS, SLEEPING VEHICLES***

All RV, camper, and sleeping vehicle placement must be pre-approved (theme camp or not). If you do not have pre-approved on-site parking, you will need to park your vehicle in one of the main event parking lots. Do not bring an on-site vehicle (camper, van, RV, etc) without prior authorization, and do not anticipate sleeping in your vehicle in the parking lot.

## ***Unloading and Parking***

Primary parking is on-site, not far from open camping. You may be allowed to drive into parts of the event site to unload, then move your car to a parking area. If you arrive after dark, please use flashlights or headlamps while walking back to the event site. When you arrive, Parking volunteers will guide you.

Most of the open camping does not have vehicle access, so it will be 'walk in' with a load/unload zone not far away. We will have some wagons available to help make it easier, but you are encouraged to bring your own wagons and handcarts as well.

Most placed Theme Camps will have vehicle access for loading and unloading. Parking Volunteers will manage the number of vehicles permitted in the theme camp space at any given time. Once unloaded, theme camp vehicles will need to be moved out of the event space to the primary parking area, unless they have been granted permission by our Placement Lead to park onsite.

# LOGISTICS

## ***Open Camping***

We are excited about returning to this site! We will have designated areas for theme camps, open camping, and some 'quieter' space. If you want really, really quiet, bring ear plugs. Most of the open camping will be on the hill, and there is a main field that will be used mostly for theme camps and big art. See the site map.

## ***Volunteer***

PORtalBurn is a volunteer driven event. On-site you can visit The Information Tent (TIT) to see the schedule and sign up for open shifts.

## ***Water***

We recommend bringing your own potable water for personal consumption and camp needs.

## ***Ice***

Ice will be available on-site from Thursday afternoon through most of the weekend. There will be a freezer near the pavilion stocked with bags. Recommended minimum donation is \$3 per bag.

## ***Showers***

There will be a communal shower shelter in a central area using potable water provided by our hosts. Reminder: This is a Leave No Trace event. Any soaps or shampoos MUST be environmentally friendly, biodegradable, and non-toxic. Please do not leave your shower supplies behind as a 'gif t'. That is just gross.

## ***Pond Rules***

Hummingbird Hill has a pond, and yes you may swim in it. Do not forget your floaties. Do not use waterways for dumping waste. This is a Leave No Trace event.

**NO SWIMMING AFTER DARK, THOSE IN VIOLATION WILL BE REMOVED.**

## ***Trash***

No. This is a 100% LNT (Leave No Trace) event. So, pack it in, pack it out. You are responsible for every piece of trash you generate. It is our Civic Responsibility to ensure our event does not negatively impact the community around us. DO NOT dump your trash at local businesses. It jeopardizes the future of our event.

Have a 'camp trash plan'. Discard product packaging prior to arrival. Bring trash bags. Embrace reusable supplies. Burn your burnable. Avoid glass containers. Collect your recycling. Bring your own portable ashtray. Keep trash and food in your camp covered and closed to avoid attracting wildlife. LNT means you pack it out with you.

## ***Fire Safety***

You can have a burn barrel or elevated fire pit. All fire pits, flame effects, fire circles, and propane/gas powered flames will be checked by our Fire Team. If there are any safety concerns, you must address them. Period.

Camps with fire must have a fire extinguisher (5 pounds, ABC type) or 5-gallon filled water bucket readily available. Do not leave any fire unattended.

All flaming art and pyrotechnics must be pre-approved.

DO NOT bring outside firewood. This region is extremely sensitive to the Emerald Ash Borer and wood from outside of the immediate area is prohibited. As part of your ticket price, PORtalBurn will provide locally obtained wood for the effigy burn, camp burn barrels, and fire pits. There will be a designated ash dump at the main burn pad. When you leave, you must dispose of any ashes from your burn barrel or fire pit responsibly. Do not discard any ashes or embers anyplace other than the designated ash dump.

## ***Sound***

Any camp with amplified sound must have placement.

Sound camps are expected to honor the following guidelines:

Position speakers and adjust levels so the sound is contained to your camp and doesn't bleed into other camps or open camping. Consult with your neighboring camps when positioning speakers to avoid conflict.

If you are asked by a neighboring camp to lower your sound, we expect you to resolve the issue amicably. If you are not able to resolve it, find the BOD on Call for assistance.

During the event, the sound will be monitored by volunteers. If you are asked to adjust your sound by someone in an official capacity, you are expected to comply.

Sound turndown is between 2am and 10am (74 decibels measured at 50' from the sound source). The BOD on Call has db meters available if you need help gauging an appropriate sound level. This is just a guideline. Even if you are within the db range, you may still be asked to turn it down if the situation warrants it. Sound carries in unpredictable ways, so on-site judgement calls may happen.

The PORtalBurn Sound Policy may be updated as the event unfolds, as deemed necessary. Sound Camps will be informed if changes arise, and will be expected to comply. Failure to comply with sound management requests may result in the camp losing sound privileges for the remainder of the event and possibly losing future sound privileges. Don't be that person. We want your sound!

# LOGISTICS

## ***Nudity***

Nudity is allowed within the event space only. Nudity is not allowed at the Gate, entrance road, parking area, or any area that is visible to the general public outside of event attendees.

## ***Laws***

Yes. All New York State laws including those regarding drugs and alcohol apply. Upstate New York POrtalBurn Arts, Inc. (UNYPA) does not condone ANY illegal activity. While we are creating a temporary community with its own rules, this community coexists within an area of real laws.

## ***Pictures, Film, Video***

Participants understand they may be photographed at POrtalBurn, and that consent must be obtained for all photography, film, or video at the event. Any person identifiable in the image or video must express consent to be photographed or filmed, and photographers must destroy any image or video at the subject's request, even if prior consent had been granted.

Participants understand that it is prohibited to take photos or videos of a camp or person if a 'No Photos' sign is posted, or at an event where a 'No Photos' policy has been announced. Participants understand and accept that no use other than personal use of images, film, or video obtained at the event may be made without prior written permission from Upstate New York POrtalBurn Arts, Inc (UNYPA) and the written permission of any persons identifiable in the images, film or video.

## ***Accessibility***

The event site does not have paved roads. The main theme camp field and RV space is pretty flat and accessible, weather permitting. We welcome all participants; however, we cannot assure accessibility to all areas of the venue. We will have at least one wheelchair accessible porta potty, and will do our very best to accommodate needs.

## ***Rangers***

Rangers are helpful, clear-headed participants and non-confrontational volunteer mediators. They are not cops and not your mom, but good people to find if you need help! You can spot them in their super swanky khaki clothing. The TIT (The Information Tent) can radio a Ranger if one is needed.

## ***First Aid***

All POrtalBurners are expected to be self-reliant. This includes bringing any and all supplies you might need, such as OTC medication, first aid supplies, sunscreen, etc.

We will not have a staffed MASH camp. No medical services will be available. There will be a radio located in the self serve First-Aid station.

Rangers will be on duty and can help facilitate getting medical assistance if needed.

The nearest hospital is approximately 16 minutes away: Oswego Hospital, 110 W 6th St, Oswego, NY 13126

## ***Waivers***

You are responsible for your own health, safety, and well-being at all times before, during, and after the event. You will be asked to sign a waiver on arrival clarifying any liabilities.

# TEN PRINCIPLES

## ***Civic Responsibility***

We value civil society. Community members who organize events should assume responsibility for public welfare and endeavor to communicate civic responsibilities to participants. They must also assume responsibility for conducting events in accordance with local, state and federal laws.

## ***Radical Self-reliance***

Burning Man encourages the individual to discover, exercise and rely on his or her inner resources.

## ***Decommodification***

Our community seeks to create social environments that are unmediated by commercial sponsorships, transactions, or advertising. We stand ready to protect our culture from such exploitation. We resist the substitution of consumption for participatory experience.

## ***Radical Self-expression***

Radical self-expression arises from the unique gifts of the individual. No one other than the individual or a collaborating group can determine its content. It is offered as a gift to others. In this spirit, the giver should respect the rights and liberties of the recipient.

## ***Communal Effort***

We value creative cooperation and collaboration. We strive to produce, promote and protect social networks, public spaces, works of art, and methods of communication that support such interaction.

## ***Leave No Trace***

We respect the environment and are committed to leaving no physical trace of our activities wherever we gather. We clean up after ourselves and endeavor to leave such places in a better state than when we found them.

## ***Gifting***

Burning Man is devoted to acts of gift giving. The value of a gift is unconditional. Gifting is not bartering.

## ***Radical Inclusion***

Anyone may be a part of Burning Man. We welcome and respect the stranger. No prerequisites exist for participation in our community.

## ***Participation***

Transformative change, whether in the individual or in society, can occur only through deeply personal participation. We achieve being through doing. Everyone is invited to work. Everyone is invited to play. We make the world real through actions that open the heart.

## ***Immediacy***

Immediate experience is, in many ways, the most important touchstone of value in our culture. We seek to overcome barriers that stand between us and a recognition of our inner selves, the reality of those around us, participation in society, and contact with a natural world exceeding human powers. No idea can substitute
